

# Beverage Grade Carbon Dioxide

A product of Dakota Gasification

## Typical Chemical and Physical Properties Tested according to ISBT Guidelines

<u>Parameter</u>	<u>Typical Results</u>
CO <sub>2</sub> Purity, v/v, min	99.90
Moisture content, ppm max	20.0
CO, ppm max	10.0
Total Hydrocarbons (as Methane), ppm max	50.0 20.0 ppm total non-methane hydrocarbons
Total Sulfur, ppm max	0.10
Nitrogen Oxides, ppm max	2.50
Acetaldehyde, ppm max	0.20
Aromatic Hydrocarbons, ppm max	0.020
Appearance	Normal
Odor	None
Taste	None

This product is certified to NSF/ANSI 60 with a Max Use Level of 600 mg/L
